

NATIONAL PARCK TIERRA DEL FUEGO

The tour begins around 8:30 am at your hotel or apartment. On board of a van, a professional guide drives us to our first stop, the main station for The End of the World's train. There we

have enough time to take a ride on the train (optional) or to mill around for pictures of the scenery, buildings or purchasing mementos at the souvenir's booth.

Once inside the national park area the tour take us to Lago Roca/Acigami, a small lake between the mountains right at the border with Chile. A small stride led by our guide will present us the flora, fauna and the particular history of the

place. A short stop by to the visitor's center allow us have a view of some exhibits related to the area, use the rest rooms and may be take a cup of coffee or hot chocolate.

Lapataia bay is the last high light of the tour. The End of the National Road number 3 (Panamerican high way) sign is the perfect place for pictures at the End of the World !!! A short walk follows to see some ancient native sites as well as flora, fauna and magnificent views of the mountains, forest and sea shore. Return to the city is around 1:30/2:00 pm.
