

CABALGATA EN EL MONTE SUSANA (2HORAS)

Enjoy the tranquility of the native sub-antarctic forest of Nothofagus. Numerous, beautiful birds of Tierra del Fuego will be our companions on the way. Contemplate a majestic panorama from the top of Monte Susana, where you can appreciate a breathtaking view of our beautiful city, with surrounding mountain range, Beagle Channel, Navarino and Hoste Islands belonging to our

neighboring country, Chile. Discover the history and culture of native Yámana Indians that used to live here, whose traces you will see while riding along the Beagle Channel coast.

Finally, pass Pipo River, and take some unique photos of horses crossing the stream and eventually finish this unforgettable adventure. We offer this tour for those who enjoy contact with nature from a historical and cultural

perspective. Explore Tierra del Fuego with our expert guides who will take care of your comfort and safety during this magnificent experience and tell you about history, fauna and flora of this region. All tours start and end at Centro Hipico Ushuaia. It is recommended to wear comfortable clothes and shoes, please take also waterproof jacket with you. Trekking outfit will be accurate.
