

TIERRA DEL FUEGO NATIONAL PARK CANOAS EXPERIENCE SUNSET

This excursion offers a new perspective of Tierra del Fuego National Park through the new Canoeing experience. You will navigate from Acigami Lake in our inflatable canoes, descending along the serene Lapataia River, observing impressive natural landscapes and birds in their environment. You will reach the iconic Lapataia Bay, where the Pan-American and National Route 3 conclude. We will conclude our journey through the Andean Patagonian forest by taking a walk on the "Lapataia Viewpoint" trail, heading towards our exclusive dome to enjoy a snack with hot beverages and sweet pastries.

After enjoying a few minutes of free time, we will embark on the return to the city of Ushuaia.
